Acumen for Future

Global Management & Strategy Consulting

About us

Our endeavours are to help businesses achieve their aspirations. When the goals are futuristic, they often come with a lot of ambiguities. At AcumenFF, our constant efforts are to explore the power of such futuristic ambiguous plans of clients and make them sustainable to achieve lucid goals. We are passionate about everything that we do, irrespective of business sizes, our challenging approach defines us.

Overview

Our idea at AcumenFF is to dive deep into the nucleus of the clients' aspirations and expectations, understanding the DNA, genre of businesses, and empower them with our advice and consulting to set out a defined path for achieving their goals. When there is lucidity in goals and plans, it becomes easier, viable, and legitimate to attain them.

their Futuristic Plans

Our Background

AcumenFF stands for Acumen For Future, we are a Global Management and strategy consulting Company formerly known as Raoson Business and Softech Solution Private. Ltd. based in Mumbai India. It all started with its operations as proprietary firm in year 2013, with 2 people and small office in Mumbai Suburb region & went ahead to have its office in 4 metropolitan cities of India and Singapore by 2018. During Initial Journey of the Company we majorly focused initially on Technology consulting. Thereafter understanding the needs of the markets players and in order to shift our focus from generic technology solutions to specific customised solutions, we started joining hands with our today's partners from various areas and Industries. That's how, we gained edge over in helping our clients and today we have support of more than 25+ brilliant independent partners having more than 20 years experience in their respective fields.

Who we are

Our team consists of bunch of ingenious intellectuals from various areas of practice and business functions with common belief “There is nothing right or wrong, unless you do it!”. Our people have exceptional skill sets with predominant skill sets and capabilities with local Insights. Our consultants include entrepreneurs, lawyers, engineers, economists, data analysts.

Brain Behind Idea

Nayan Kumar Rao
